

MEET *Dave Stahlman.*

Today's dental patients are more demanding than ever before. To make your practice even more incredible, LK Dental Studio has assembled a team of technicians dedicated to your long term success.

Meet Dave. With 38 years of experience in dentistry, Dave brings a wealth of knowledge to his doctors. Upon earning his degree 1972, Dave began his life-long passion for functional esthetics in dentistry, studying with with masters from Lee Culp to Aki Yoshida, is an LVI Master Technician, a published author and lecturer.

*"Having worked in production-type laboratories for many years, I arrive at LK Dental Studio every day excited about being with an intimate, service-oriented laboratory, building long term relationships with my dentists, and working with a team dedicated to the highest standards of excellence in every case we touch."*
